

MOC2025

30th Microoptics Conference
October 12-15, 2025
LIGHT CUBE Utsunomiya
Tochigi, Japan

Sponsored by The Japan Society of Applied Physics, Organized by Microoptics Group, JSAP
In Cooperation with Utsunomiya University

High School

POSTER

COMPETITION

The 30th MICROOPTICS CONFERENCE (MOC2025) will be held at LIGHT CUBE Utsunomiya, Tochigi, Japan from **October 12 - 15, 2025**. The MOC2025 is intended to provide a central forum for updating and reviewing of scientific and technical information covering a wide range of micro-optics fields, from fundamental researches to systems and applications.

<https://moc2025.com/high-school-session/>

Adopt poster presentation. The poster presentation focuses on the theme of the “MICROOPTICS and LIVING TECHNOLOGY” or research results on topics related to photonics. The high-school poster session is scheduled on **October 12, 2025**.

◆ Participants:

All senior high school students in the semester of the academic year.

◆ Rules:

- Each student can only submit once. There should be at least one student and a maximum of three students per group (excluding advisors). At least one student from each group presents the poster.
- All students are required to participate in the Photonics Technology Workshop and the Award Ceremony before the conference invited talks.

◆ Registration Date and Poster Format:

Please fill out the registration form and upload the electronic poster

file online by **August 29, 2025**.

- The poster presentation (summary, figures, tables, etc.) **should be written in English**.
- Please refer to the file link below for downloading. The poster size is **A0 (84*118.9cm)**.

International Tutorial Talk

Yi-jen Chiu, Professor

Department of Photonics (DOP), National Sun Yat-sen Univ., Taiwan
Ph.D. ECE, Univ. of California at Santa Barbara
Fellow of the Taiwan Photonics Society

Talk Title

Photonics integration and devices by semiconductor material

Toyohiko Yatagai, Professor Emerit.

Utsunomiya Univ., and Tsukuba Univ.
Honorary Local Steering Committee Chair of MOC2025
Former President of SPIE

Talk Title

The History of Telescopes and Binoculars
